GAIL FARBER, Director

ADDRESS ALL CORRESPONDENCE TO:
P.O. BOX 1460
ALHAMBRA, CALIFORNIA 91802-1460

March 29, 2011

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

31 March 29, 2011

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

**STREET LIGHTING DISTRICTS
LANDSCAPING AND LIGHTING ACT
ANNUAL ASSESSMENT PROCEDURE
FISCAL YEAR 2011-12
(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

Authorize the Director of Public Works or her designee as the Engineer, to prepare and file the required annual Engineer's Report to renew the annual street lighting assessments for all zones within County Lighting District Landscaping and Lighting Act 1 for Fiscal Year 2011-12 pursuant to the California Streets and Highways Code.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Designate the Director of Public Works or her designee as the Engineer, under section 22523 of Article 2, Chapter 1, Part 2, Division 15, of the California Streets and Highways Code (commencing with section 22520).
2. Adopt the Resolution Ordering Engineer's Report for Fiscal Year 2011-12 pursuant to California Streets and Highways Code section 22622, which orders the Director of Public Works or her designee, as the Engineer, to prepare and file the required annual Engineer's Report in accordance with section 22566 of the California Streets and Highways Code and section 4(b) of Article XIII D of the California Constitution.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to order the Director of Public Works or her designee, as the Engineer, to prepare the required annual Engineer's Report in order to renew the annual street lighting assessments for all zones within the County Lighting District Landscape and Lighting Act-1 (Lighting District). This action only initiates the Engineer's Report and does not establish any assessment rates.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). Renewing the street lighting assessments will provide the funding necessary for the operation and maintenance of street lighting facilities within the Lighting District. In addition, this action is consistent with Community and Municipal Services (Goal 3). Maintaining street lighting services will provide for the delivery of a customer-oriented municipal service for the convenience and safety of the motoring public, as well as for the safety and security of people and property, which improves the quality of life in the County.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

Sufficient funds are included in the Fiscal Year (FY) 2010-11 Consolidated Lighting Maintenance Districts Budgets for the preparation of the annual Engineer's Report.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On July 24, 1979, your Board approved the formation of the Lighting District to provide supplemental funds for the operation of street lights in existing County Lighting Maintenance Districts, pursuant to provisions of the Landscaping and Lighting Act of 1972 (Act), Part 2, Division 15, of the California Streets and Highways Code. Each subsequent year, your Board has renewed annual street lighting assessments for all zones within the Lighting District for supplemental funds. Similar action is now needed to enable the County to keep all of the Lighting District's street lights in operation during FY 2011-12.

The Act and the California Constitution (Article XIII D) set forth procedures that must be followed for any fiscal year during which an assessment is to be levied. The Act requires that the legislative body adopt a resolution generally describing any proposed improvements or substantial changes in existing improvements. Your Board must also order an Engineer, designated pursuant to California Streets and Highways Code section 22523, to prepare and file an Engineer's Report in accordance with section 22566 of Article 4, Chapter 1, of the California Streets and Highways Code and section 4(b) of Article XIII D of the California Constitution.

Under the California Streets and Highways Code section 22622, your Board must adopt a resolution generally describing any proposed improvements or substantial changes in existing improvements within the Lighting District, and order the Director of Public Works or her designee, as the Engineer, to prepare and file an Engineer's Report in accordance with section 22565 et seq. of the California Streets and Highways Code. The existing assessments and any needed increases in assessment rates shall be supported by the Engineer's Report. If any future increases in assessment rates are needed,

the Department of Public Works (Public Works) will comply with all legal requirements under Article XIII D of the California Constitution (Proposition 218).

Public Works anticipates submitting the required Engineer's Report and resolutions to establish the assessments for FY 2011-12 to your Board for approval by May 10, 2011.

ENVIRONMENTAL DOCUMENTATION

The recommended action to authorize the Director of Public Works or her designee, as the Engineer, to prepare and file the required annual Engineer's Report to renew the annual street lighting assessments is not a project pursuant to the California Environmental Quality Act (CEQA) because it is an activity that is excluded from the definition of a project by section 15378(b) of the State CEQA Guidelines. The proposed action is an administrative activity of government which will not result in direct or indirect physical changes to the environment.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Preparing an Engineer's Report is consistent with the current services regularly conducted by Public Works.

CONCLUSION

Please return one adopted copy of this letter and signed resolution to Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of the letter and resolution to the County Assessor, Ownership Services Section (Attention Angela Gadsden); and one to the Auditor-Controller, Tax Division (Attention Kelvin Aikens).

Respectfully submitted,

A handwritten signature in cursive script that reads "Gail Farber".

**COUNTY OF LOS ANGELES
BOARD OF SUPERVISORS
RESOLUTION ORDERING ENGINEER'S REPORT
FOR FISCAL YEAR 2011-12
(CALIFORNIA STREETS AND HIGHWAYS CODE SECTION 22622)**

WHEREAS, on July 24, 1979, the Board of Supervisors of the County of Los Angeles approved the formation of County Lighting District LLA-1 (Lighting District) to provide supplemental funds for the operation of street lights in County Lighting Maintenance Districts pursuant to provisions of the Landscaping and Lighting Act of 1972 (Act), Part 2, Division 15, of the California Streets and Highways Code; and

WHEREAS, under the California Streets and Highways Code section 22622 of the Act, your Board must adopt a resolution generally describing any proposed improvements or substantial changes in existing improvements within the Lighting District, and order the Director of Public Works or her designee, as the Engineer, to prepare and file a report in accordance with section 22566 of the California Streets and Highways Code; and

WHEREAS, section 4(b) of Article XIII D of the California Constitution requires assessments to be supported by a detailed Engineer's Report prepared by a registered professional engineer certified by the State of California.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The Lighting District will include the following improvements:

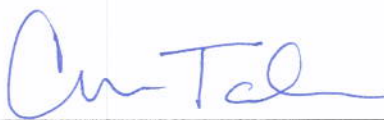

- a. Additional street lights installed within the existing County Lighting Maintenance Districts and assessment zones, in compliance with procedures set forth in the California Streets and Highways Code.
- b. New street lighting systems installed in response to property owner petitions filed and processed in compliance with procedures set forth in the California Streets and Highways Code.
- c. New street lighting systems installed in new land developments pursuant to the requirements of Titles 21 and 22, Los Angeles County Code (the Subdivision and Zoning Ordinances), and processed in compliance with procedures set forth in the California Streets and Highways Code.
- d. Repair or replacement of obsolete street lighting equipment within County Lighting Maintenance Districts and assessment zones.

SECTION 2. The Director of Public Works or her designee as the Engineer, is hereby ordered to prepare and file a report in accordance with section 22566 of Article 4, Chapter 1, of the California Streets and Highways Code and section 4(b) of Article XIII D of the California Constitution.

The foregoing Resolution Ordering Engineer's Report was on the 29th day of March, 2011, adopted by the Board of Supervisors of the County of Los Angeles and ex officio the governing body of all other special assessment and taxing districts, agencies, and authorities for which said Board so acts.

SACHI A. HAMAI
